## Categories of Records Available

Public records defined by Section 2(c) of the Freedom of Information Act (the “Act”) include, but are not limited to, the following types/categories of records that are available for inspection and/or copying:

*(c) "Public records" means all records, reports, forms, writings, letters, memoranda, books, papers, maps, photographs, microfilms, cards, tapes, recordings, electronic data processing records, electronic communications, recorded information and all other documentary materials pertaining to the transaction of public business, regardless of physical form or characteristics, having been prepared by or for, or having been or being used by, received by, in the possession of, or under the control of any public body.*

*(c-5) "Private information" means unique identifiers, including a person's social security number, driver's license number, employee identification number, biometric identifiers, personal financial information, passwords or other access codes, medical records, home or personal telephone numbers, and personal email addresses. Private information also includes home address and personal license plates, except as otherwise provided by law or when compiled without possibility of attribution to any person.*

*(c-10) "Commercial purpose" means the use of any part of a public record or records, or information derived from public records, in any form for sale, resale, or solicitation or advertisement for sales or services. For purposes of this definition, requests made by news media and non-profit, scientific, or academic organizations shall not be considered to be made for a "commercial purpose" when the principal purpose of the request is (i) to access and disseminate information concerning news and current or passing events, (ii) for articles of opinion or features of interest to the public, or (iii) for the purpose of academic, scientific, or public research or education.*

## Public Records Exemptions

Exemptions, however, from inspection and copying exist and are provided through Section 7 of the Freedom of Information Act. If any public record exempt under Section 7 contains any material which is not exempt, then the public body must delete the information that is exempt and make the remaining information available for inspection and copying. Section 7 (exemptions) of the FOIA follows:

*(1) When a request is made to inspect or copy a public record that contains information that is exempt from disclosure under this Section, but also contains information that is not exempt from disclosure, the public body may elect to redact the information that is exempt. The public body shall make the remaining information available for inspection and copying. Subject to this requirement, the following shall be exempt from inspection and copying:*

*(a) Information specifically prohibited from disclosure by federal or State law or rules and regulations implementing federal or State law.*

*(b) Private information, unless disclosure is required by another provision of this Act, a State or federal law or a court order.*

*(b-5) Files, documents, and other data or databases maintained by one or more law enforcement agencies and specifically designed to provide information to one or more law enforcement agencies regarding the physical or mental status of one or more individual subjects.*

*(c) Personal information contained within public records, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, unless the disclosure is consented to in writing by the individual subjects of the information. "Unwarranted invasion of personal privacy" means the disclosure of information that is highly personal or objectionable to a reasonable person and in which the subject's right to privacy outweighs any legitimate public interest in obtaining the information. The disclosure of information that bears on the public duties of public employees and officials shall not be considered an invasion of personal privacy.*

*(d) Records in the possession of any public body created in the course of administrative enforcement proceedings, and any law enforcement or correctional agency for law enforcement purposes, but only to the extent that disclosure would:*

*(i) interfere with pending or actually and reasonably contemplated law enforcement proceedings conducted by any law enforcement or correctional agency that is the recipient of the request;*

*(ii) interfere with active administrative enforcement proceedings conducted by the public body that is the recipient of the request;*

*(iii) create a substantial likelihood that a person will be deprived of a fair trial or an impartial hearing;*

*(iv) unavoidably disclose the identity of a confidential source, confidential information furnished only by the confidential source, or persons who file complaints with or provide information to administrative, investigative, law enforcement, or penal agencies; except that the identities of witnesses to traffic accidents, traffic accident reports, and rescue reports shall be provided by agencies of local government, except when disclosure would interfere with an active criminal investigation conducted by the agency that is the recipient of the request;*

*(v) disclose unique or specialized investigative techniques other than those generally used and known or disclose internal documents of correctional agencies related to detection, observation or investigation of incidents of crime or misconduct, and disclosure would result in demonstrable harm to the agency or public body that is the recipient of the request;*

*(vi) endanger the life or physical safety of law enforcement personnel or any other person; or*

*(vii) obstruct an ongoing criminal investigation by the agency that is the recipient of the request.*

*(d-5) A law enforcement record created for law enforcement purposes and contained in a shared electronic record management system if the law enforcement agency that is the recipient of the request did not create the record, did not participate in or have a role in any of the events which are the subject of the record, and only has access to the record through the shared electronic record management system.*

*(d-6) Records contained in the Officer Professional Conduct Database under Section 9.2 of the Illinois Police Training Act, except to the extent authorized under that Section. This includes the documents supplied to Illinois Law Enforcement Training Standards Board from the Illinois State Police and Illinois State Police Merit Board.*

*(e) Records that relate to or affect the security of correctional institutions and detention facilities.*

*(e-5) Records requested by persons committed to the Department of Corrections, Department of Human Services Division of Mental Health, or a county jail if those materials are available in the library of the correctional institution or facility or jail where the inmate is confined.*

*(e-6) Records requested by persons committed to the Department of Corrections, Department of Human Services Division of Mental Health, or a county jail if those materials include records from staff members' personnel files, staff rosters, or other staffing assignment information.*

*(e-7) Records requested by persons committed to the Department of Corrections or Department of Human Services Division of Mental Health if those materials are available through an administrative request to the Department of Corrections or Department of Human Services Division of Mental Health.*

*(e-8) Records requested by a person committed to the Department of Corrections, Department of Human Services Division of Mental Health, or a county jail, the disclosure of which would result in the risk of harm to any person or the risk of an escape from a jail or correctional institution or facility.*

*(e-9) Records requested by a person in a county jail or committed to the Department of Corrections or Department of Human Services Division of Mental Health, containing personal information pertaining to the person's victim or the victim's family, including, but not limited to, a victim's home address, home telephone number, work or school address, work telephone number, social security number, or any other identifying information, except as may be relevant to a requester's current or potential case or claim.*

*(e-10) Law enforcement records of other persons requested by a person committed to the Department of Corrections, Department of Human Services Division of Mental Health, or a county jail, including, but not limited to, arrest and booking records, mug shots, and crime scene photographs, except as these records may be relevant to the requester's current or potential case or claim.*

*(f) Preliminary drafts, notes, recommendations,*

*memoranda and other records in which opinions are expressed, or policies or actions are formulated, except that a specific record or relevant portion of a record shall not be exempt when the record is publicly cited and identified by the head of the public body. The exemption provided in this paragraph (f) extends to all those records of officers and agencies of the General Assembly that pertain to the preparation of legislative documents.*

*(g) Trade secrets and commercial or financial information obtained from a person or business where the trade secrets or commercial or financial information are furnished under a claim that they are proprietary, privileged, or confidential, and that disclosure of the trade secrets or commercial or financial information would cause competitive harm to the person or business, and only insofar as the claim directly applies to the records requested.*

*The information included under this exemption includes all trade secrets and commercial or financial information obtained by a public body, including a public pension fund, from a private equity fund or a privately held company within the investment portfolio of a private equity fund as a result of either investing or evaluating a potential investment of public funds in a private equity fund. The exemption contained in this item does not apply to the aggregate financial performance information of a private equity fund, nor to the identity of the fund's managers or general partners. The exemption contained in this item does not apply to the identity of a privately held company within the investment portfolio of a private equity fund, unless the disclosure of the identity of a privately held company may cause competitive harm.*

*Nothing contained in this paragraph (g) shall be construed to prevent a person or business from consenting to disclosure.*

*(h) Proposals and bids for any contract, grant, or agreement, including information which if it were disclosed would frustrate procurement or give an advantage to any person proposing to enter into a contractor agreement with the body, until an award or final selection is made. Information prepared by or for the body in preparation of a bid solicitation shall be exempt until an award or final selection is made.*

*(i) Valuable formulae, computer geographic systems,*

*designs, drawings and research data obtained or produced by any public body when disclosure could reasonably be expected to produce private gain or public loss. The exemption for "computer geographic systems" provided in this paragraph (i) does not extend to requests made by news media as defined in Section 2 of this Act when the requested information is not otherwise exempt and the only purpose of the request is to access and disseminate information regarding the health, safety, welfare, or legal rights of the general public.*

*(j) The following information pertaining to educational matters:*

*(i) test questions, scoring keys and other examination data used to administer an academic examination;*

*(ii) information received by a primary or secondary school, college, or university under its procedures for the evaluation of faculty members by their academic peers;*

*(iii) information concerning a school or university's adjudication of student disciplinary cases, but only to the extent that disclosure would unavoidably reveal the identity of the student; and*

*(iv) course materials or research materials used by faculty members.*

*(k) Architects' plans, engineers' technical submissions, and other construction related technical documents for projects not constructed or developed in whole or in part with public funds and the same for projects constructed or developed with public funds, including, but not limited to, power generating and distribution stations and other transmission and distribution facilities, water treatment facilities, airport facilities, sport stadiums, convention centers, and all government owned, operated, or occupied buildings, but only to the extent that disclosure would compromise security.*

*(m) Communications between a public body and an*
