Public Notice
Invasive Species Treatment at Circle Park
July 29, 2026

Public notice is given that McGinty Brothers will apply an invasive species treatment to the creek at Circle Park. The following chemicals will be used:

The following chemicals will be used:

- **Clearcast® Herbicide:** People and pets may re-enter treated areas once the spray has completely dried.
- **AquaMaster® Herbicide:** People and pets should not enter treated areas until the spray has completely dried.

For questions, please contact the Parks Department at 630-529-3650 x580.
