Athletic Field Use Guidelines

The Bloomingdale Park District is committed to provide high quality, safe playing surfaces for our multi-use athletic facilities. In order to reach this goal, we need the cooperation of all user groups in protecting the turf from excessive damage due to game and practice activities. The turf grass is the safety surface for the athletic fields. By signing the rental agreement, you are agreeing to cancel or postpone scheduled games and practices if any of the following conditions occur.

- Standing water on the field of play
- Soil Saturation.
 - Walking on turf causes water to surface
 - Walking on turf on heels causes indentations
 - One inch or more of rain 48 hours prior to scheduled game or practice accompanied by steady rain on day of game or practice
 - Steady downpour of rain on day of game or practice which could cause damage to turf or injury to participants
- Extreme drought conditions where 50% of the playing surface has turned dormant.
- Lightning detection warning horns have sounded (must clear field and wait 15 minutes after the last bolt of lightning is seen or thunder is heard)
- Conditions inhibit visibility across the length of the field. (darkness, fog, etc.)

All coaches, referees, and umpires are responsible for insuring the safety of field playing conditions at all times during scheduled play. Safety implies protection of the resource, as well as the participants. In addition to the above requirements, cancellations or suspensions of game play and practices will be enforced when:

- Players' footing becomes unstable, slipping 6" or greater
- Holes 4" in diameter of 2" in depth or larger in field of play
- Surface rocks 3" or greater exposed on playing field
- Standing water in an area 3" or greater
- Soccer/football standards are not securely anchored

Park Rules and Regulations

- All garbage must be disposed of properly
